### Achievements

2020: Best Mobile Application for June

2020 cohort : The Digital Academy

### Summary

Ambitious and detail-oriented Junior Frontend Web Developer with one year of experience in designing and developing responsive, user-friendly, and visually appealing web applications. Skilled in HTML5, CSS3, JavaScript, and front-end frameworks such as React and Bootstrap. Proficient in utilizing version control systems like Git and collaborating with cross-functional teams to deliver high-quality web solutions. Passionate about staying up-to-date with the latest web development trends and technologies.

I am currently looking for opportunities, which will provide career advancement, with the chance to use and contribute my skills and theoretical knowledge in a practical space. Most importantly, I am looking for an environment where I will have the possibility to develop both professionally and personally.
